

# DIESEL FUEL INJECTOR CLEANER

## DESCRIPTION

**PETROGULF DIESEL FUEL INJECTOR CLEANER** is a super ashless detergent product that uses GERMAN TECHNOLOGY based advanced formula to remove deposits that accumulate on injectors and also valve deposits which boosts and restore engine performance. PETROGULF Diesel fuel Injector Cleaner also consist a powerful lubricity improver that enhance fuel pump lubricity thus reduce the wear and tear pump. All these features combine offers enhancing fuel economy and reduce emissions.

## APPLICATIONS

**PETROGULF DIESEL FUEL INJECTOR CLEANER** has been developed for the use in today's high performance Diesel engines. Fuel unsaturates and other contaminants can combine to form harmful deposits especially when exposed to the high temperature and pressures associated with advance fuel injection system equipments. PETROGULF Diesel Fuel injector cleaner assists to reduce or eliminate these kind of deposits and prolong fuel pump life span.

## RECOMMENDATIONS

**PETROGULF DIESEL FUEL INJECTOR CLEANER** is a powerful cleaning agent which removes existing deposits in the fuel intake system and also valve deposits. It enhances fuel pump lubricity. It is recommended one bottle per tank for keep clean and 2 bottles for clean up process.

## KEY BENEFITS

- Smooth rough idle and eliminate tough starts
- Reduce combustion chamber deposits
- Prolong fuel injection pump life span
- Reduces harmful emission
- Reduces exhaust fumes (both white and black)
- Compatible with Bio fuels

## TYPICAL CHARACTERISTICS

TEST PARAMETER	TYPICAL VALUES
Density @20	0.786
Odour	Pleasant
Apperance	Colorless
Flash Point, PMCC, oC	64
Viscosity @ 40, oC	0.5

*\*These characteristics are typical of current production. Whilst future production will conform to Petrogulf specification, variations in these Characteristics may occur. The oil drain interval as specified by the engine manufacturer should be adhered to, particularly where indirect fuel Injection is used.*

## Handling, Health and Safety

- In normal conditions of use, this lubricant presents no particular toxic hazard. All lubricants, of any kind should be handled with great care, particularly avoiding any contact with skin.
- Prevent any splashing, and keep away from combustible materials. Store under cover and away from any risk of pollution. Dispose off the used oil correctly; don't pour down drains, into watercourses or the soil.
- PetroGulf will not accept liability if the product is used other than in manner or with the precautions, or for the purpose specified. Before the product is used other than directed advice should be obtained from PetroGulf local office.
